In accordance with the applicable regulations (Law 10/2014 of 26 June, on the organization, supervision and solvency of credit institutions, Royal Decree 84/2015 of 13 February, implementing the Law 10/2014 and Circular 2/2016, of 2 February, of the Bank of Spain, to credit institutions, on supervision and solvency, and completing the adaptation to the Spanish law the Directive 2013/36/EU and Regulation (UE) No. 575/2013), the European Central Bank's 'Guide to fit and proper assessment' -December 2021-, the 'Policy for the Selection of Directors', the 'Diversity Policy', the 'Succession Policy', and the procedure established by the 'Policy for the Suitability Assessment of Board Members, Officers and Similar Positions and other Key Staff for the development of Unicaja Banco's financial activity'), the Appointments Committee carried out a suitability assessment of the candidates to be appointed or ratified as members of the Board of Directors at its meeting held on 19 February 2023 (Mr. Juan Antonio Izaguirre Ventosa), 13 May 2022 (Mr. Isidoro Unda Urzaiz), 27 July 2022 (Ms. María Teresa Costa Campi), 26 January 2023 (Mr. José Ramón Sánchez Serrano, Ms. Natalia Sánchez Romero and Mr. Miguel González Moreno) and 21 February 2023, with a view to be submitted to the General Meeting of Shareholders. The following conclusions were reached:

- All the candidates have the good commercial and professional repute, honesty and integrity required for a sound and prudent management of the Company.
- All the candidates have the appropriate knowledge and experience, as well as the competences needed for performing the position of Director at Unicaja Banco.
- All of them have the capacity to dedicate sufficient time to the responsibilities and obligations arising from their positions.
- All the candidates are in a position to perform a good governance of the Company and have the capacity to act with independent criterion.
- All the candidates comply with the maximum number of positions and the incompatibilities regime established in Article 26 of the Law 10/2014 and its implementing provisions.

Collective suitability of the Board of Directors

The Appoints Committee has also analysed the composition of the Board of Directors which would result from the appointment or re-election as directors of all the candidates referred to in this report. It concludes that the Board of Directors, with the said composition, would meet, both individually and collectively, the suitability requirements needed to perform its duties. All of the above taking into account the business model, risk appetite framework, strategy and markets on which Unicaja Banco operates, and that it will have the effective capacity to make its decisions independently and autonomously to the benefit of the Company.

Specifically, the Committee considers that, after the partial renewal, the Board of Directors will have, as a whole, sufficient knowledge and experience to address all of the areas of knowledge needed for the development of the Institution's activities.

The Committee considers that the Board of Directors, composed –with the analyzed composition- by 15 members (within the range of 8-15 members established in Article 16 of the Bylaws) complies, in terms of size, with the best corporate governance practices (Recommendation 13 of the Good Governance Code). Of the fifteen directors, two would be executive directors (13.33%), seven would be proprietary directors (46.67%) and six would be independent directors (40%). Non-executive

directors would constitute a large majority in the Board, thus following the Recommendation 15 of the Good Governance Code. In addition, in accordance with the Unicaja Banco, S.A. - Liberbank, S.A. merger agreements, the chairmanship of the Board of Directors is expected to become non-executive not later than 31 July 2023.

The ratio of independent directors exceeds one third of the total directors, a ratio recommended for high capitalization companies where a shareholder controls more than 30% of the share capital, thus meeting Recommendation 17 of the Good Governance Code.

With regard to gender distribution, the Board would be composed by 5 women and 10 men, corresponding to 33.33% and 66.67% of the Board, respectively, thus not complying transitorily with Recommendation 15 of the Good Governance Code for listed companies. However, given that the renewal of the Board of Directors will imply a decrease in the number of female directors, the Appointments Committee recommends that in order to restore compliance with Recommendation 15 of the Good Governance Code, both the vacancy that will arise due to the resignation tendered by Ms. María Garaña Corces, with effect from the end of the next Annual General Meeting, as well as the next vacancy that will arise on the Board of Directors, should be covered by the appointment of female directors, who, at least in the first case, should have the category of independent director, in order to comply with Recommendation 17 of the aforementioned Code.

Category of Directors

The category of Directors, according to the analysis made by the Appointments Committee following the criteria of Article 529 *duodecies* of the Law on Corporate Enterprises is as follows:
